MUHAMMAD ABDUR REHMAN

Web Developer

About Me

Currently pursuing a Bachelor's degree in Computer Science, where I am building a strong foundation in programming and software development. Alongside, I am exploring the world of web development with Django and the MERN stack. As a beginner, I am eager to apply my skills in creating web applications and continue learning and growing in this exciting field. I am passionate about my entry-level experience to contribute to innovative projects and advance my career in tech.

EXPERIENCE

Digital Empowerment Network
Mern Stack Intern
August 2024 - Present (1 month)
Rawalpindi, Punjab, Pakistan

TIERS Limited
Web Development Intern
June 2024 - August 2024 (3 months)
Lahore, Punjab, Pakistan

As a Django Intern at Tiers Limited, I contributed to developing and enhancing web applications, focusing on backend functionality and database management. I gained hands-on experience in implementing RESTful APIs, optimizing queries, and collaborating with the frontend team to integrate features seamlessly. My role allowed me to strengthen my skills in Python, Django, and agile development practices.

EDUCATION

Air University
Bachelor of Science in Computer Science
2023-Present

Borcelle University
Intermediate in Computer Science
2021-2023

SKILLS SUMMARY

Frontend Development   100%
Backend Development   90%

HONORS-AWARDS

Top Performer in TIERS Limited Internship
